

Trusts: preparation checklist

Project 3AM

PLACEHOLDER. This is a blank thinking aid, not legal advice. Fill it in at your own pace, offline. Project 3AM does not collect or store anything you write here.

Things to think about

- ☐ Who is the trust meant to support, and what for?
- ☐ Who would you trust to act as trustees?
- ☐ Would support be given steadily over time, rather than all at once?
- ☐ What kind of life and choices do you want the arrangement to support?
- ☐ Have you involved the person being cared for, where that is possible?

Questions you might want to ask

- What kinds of trust exist where I live?
- What are the duties of a trustee?
- Are there special arrangements for supporting a person with disability?
- How does a trust work alongside a will and insurance?

Notes to myself

(Write freely here. This stays on your own device or paper.)

Project 3AM is an educational and signposting tool. This is general information, not legal advice.
