

Wills: preparation checklist

Project 3AM

PLACEHOLDER. This is a blank thinking aid, not legal advice. Fill it in at your own pace, offline. Project 3AM does not collect or store anything you write here.

Before you speak to a professional, it can help to think about

- ☐ Who would you want to carry out your wishes?
- ☐ Who would you want to provide for, and roughly how?
- ☐ Is there a child under 21 who would need a named guardian?
- ☐ Is there a family member who may need long-term support?
- ☐ Do you already have an older will that may need reviewing?

Questions you might want to ask

- What makes a will valid where I live?
- How do I provide for someone who needs ongoing support?
- How does my will work alongside CPF nomination and insurance?
- When should I review or update it?
