

Deputyship: preparation checklist

Project 3AM

PLACEHOLDER. This is a blank thinking aid, not legal advice. Fill it in at your own pace, offline. Project 3AM does not collect or store anything you write here.

Things to think about

- ☐ Which decisions does the person need support with?
- ☐ Which decisions can the person make for themselves?
- ☐ Who would be willing and suitable to act as a deputy?
- ☐ How would the person be involved in decisions that affect them?
- ☐ Was an LPA ever put in place? If so, deputyship may not be needed.

Questions you might want to ask

- How does a deputyship application work where I live?
- Who can apply, and what must a deputy do?
- How does the court oversee a deputy?
- Would an LPA be possible instead?
