

Lasting Power of Attorney (LPA): preparation checklist

Project 3AM

PLACEHOLDER. This is a blank thinking aid, not legal advice. Fill it in at your own pace, offline. Project 3AM does not collect or store anything you write here.

Things to think about

- ☐ Who would you trust to make decisions on your behalf?
- ☐ Would that be for money matters, for care and welfare, or both?
- ☐ Would you want more than one person, and would they act together?
- ☐ Is the person making the LPA able to understand the decision now?
- ☐ Have you talked it through with the people you would choose?

Questions you might want to ask

- What types of LPA are available where I live?
- Who can witness or certify an LPA?
- How is an LPA registered, and how long does that take?
- What happens if no LPA is in place?

Notes to myself

(Write freely here. This stays on your own device or paper.)
