

Insurance: preparation checklist

Project 3AM

PLACEHOLDER. This is a blank thinking aid, not financial or legal advice. Fill it in at your own pace, offline. Project 3AM does not collect or store anything you write here.

Things to think about

- ☐ What would the money be for? For example, ongoing care.
- ☐ How would the money be received and managed, and by whom?
- ☐ Does this fit with your will and any trust you are considering?
- ☐ What questions do you want to ask a licensed financial adviser?

Questions you might want to ask

- What general types of cover exist?
- How would a payout be received and managed for the person being cared for?
- How does this sit alongside other parts of my plan?
